

Full Body Harness - H11R

A light comfortable full body Rigger's harness suitable for fall arrest and work positioning, as well as confined space entry/retrieval and rescue. The H11R series features side D rings for work positioning and Saferight's unique rear D extension strap and fall indicator as standard, which enables the user to visually check the rear attachment point for secure lanyard connection and evidence of a previous fall.

Key Features

- Lightweight and comfortable
- Front, Rear and Side D rings
- Vertical lifting loops for rescue/confined spaces
- Rear D extension strap and fall indicator
- Front rescue pick up points
- Padded leg straps
- Internal Riggers belt, buttock strap and Side D's for rigging work
