

Full Body Harness - H12

The Blackmaster harness is the first in a new generation of multipurpose harnesses from Saferight, and offers the ultimate in fall protection, work positioning, abseiling and rescue capabilities for workers and rescuers.

This harness is manufactured in excess of the requirements of AS/NZS 1891.1 and is designed so that users can be suspended for a length of time with maximum comfort. It also features both front and rear D's rated for fall arrest and is highly recommended for suspension work and any rope access or tower work.

Key Features

- Light weight and comfortable
- Padded leg straps and back support
- Optional detachable bum strap (H12BS) for tower and pole work
- Rear D, extension strap and fall indicator
- Rated front and rear fall arrest points
- Side D's for work positioning
