

# ROOFERS BUDDY — RB1

Many older and recently constructed buildings do not have roof anchors. The Roofers Buddy provides an economical solution that can be installed over existing roofing without having to access the framing. Use over metal roofing, membrane, or asphalt shingle. The Roofers Buddy does not require a conventional flashing system.

## Key Features

- Quick and versatile 15kN fall arrest anchor
- Rescue & recovery, or rope access
- Temporary lifeline anchorages
- Diversion anchor

## Materials & Construction

- 3mm Steel Construction
- Red powdercoat finish
- Optional neoprene flashing strip available

## Testing & Quality Control

- 100% visual inspection
- Saferight is an ISO 9001 Certified Company

## Installation

- Option 1: Installed and rated by Saferight
- Option 2: Self install by a competent person \*
- Wide variety of fastener options available
- CAUTION: As roofers buddies can be used in many applications we can not provide fitting instructions.

The installer must ensure that the structure and fasteners are capable of withstanding the rated load and that the anchor installation complies with AS/NZS 1891.2 and AS/NZS 1891.4. The installer must provide an anchor ID tag and rating.

Call Saferight for fixing advice.
