

Saferight Training Courses

Gas Test Atmospheres

NATIONALLY RECOGNISED COMPETENCIES
MSAPMOHS217A — Gas Test Atmospheres

Overview

This course is aimed at ensuring the health and safety of personnel who have to undertake work activities within a hazardous atmosphere.

The course provides personnel with information on their responsibilities with regard to the Occupational Health and Safety Act and Mine Safety, Inspection Act and Duty of Care.

In a typical scenario an individual may be required to carry out gas testing of an atmosphere prior to entering a specific area or workspace. The competency requires the person to interpret readings and take actions based on the interpretation.

Saferight is a Registered Training Organisation (Provider Number 5722) and offers a range of courses in industrial safety. For more information on courses, please call our Training Co-ordinator on 1800 352 335 or email training@saferight.com.au.
